'Trash the Dress

Go ahead, you know you want to. Trash it. Get it dirty. Get it wet. Roll around in the mud. Drench it in the ocean. Totally trash it. Why? ... Why not? You've made a commitment to your husband. He's your one and only true love, right? Then you'll never need the dress again. And no, your daughter won't wear it in 20-30 years. So you have two choices:

1) Suffocate it in plastic and throw it in a closet.

2) Show your husband how committed you are by trashing the dress, and get some great fun pictures while you do it!... Package includes hair and make up. DVD with all images, transport to great locations - \$1100
